Dear colleagues,

On behalf of the Executive Committee of Comisiones Obreras (CCOO), the largest trade union in Spain, and of Cristina Faciabén, Confederal Secretary for International and Cooperation, we would like to convey our full support for the mobilisation convened on 30 September in Bratislava against the consolidation package that once again places the heaviest burden on workers in Slovakia.

We share your conviction that these measures – freezing wages, increasing contributions, and restricting social and labour rights – constitute an unfair and unbalanced load, which disregards the fundamental principle of social justice and the role of dialogue with social partners.

Please receive our fraternal solidarity and internationalist support for your protest. We firmly believe that KOZ SR's struggle is also the defence of a more just, democratic and sustainable European social model.

With our warmest trade union greetings,

Cristina Faciabén Lacorte

Secretary of International and Cooperation of CCOO
